Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

Outskirts Press, United States, 2012. Paperback. Book Condition: New. 251 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.The United States, a highly educationally advanced, financially rich, and militarily powerful, has been capable of achieving many most desirable institutional setups both for the United States and for the rest of the entire world so that all people in the entire world would be living in an atmosphere of permanent peace, safety, and with at least minimum necessary financial resources to survive decently in this world but such energy was untapped and not used to make all people in the world live happily. One good example in the modern history of the world for at least eliminating the undesirable atmosphere of continued cold war between the United States and the Union of Soviet Socialist Republic (USSR) and competing race of building up of undesirable capital of mass destructive weapons, not congenial to the well-being of all people, and reducing the chance of World War III, if not to zero, was the magnanimous behavior, attitude, personal decision, and political action of Honorable Mikhail Gorbachev, the then President of USSR, with an implied most possibility of sacrificing stability of his position, power, and clout. The political parties in all the democratic countries should take interest in the well-being of all people in the entire world instead of working only for their self-interest and for all kinds of their supporters, who finance their lavish expenses for their elections and getting elected and continue to support in their constituencies in which they were elected. Some policy proposals for the well-being of people in all countries, rich and highly developed, developing, and underdeveloped countries in the entire world are suggested for serious consideration and passing laws in all democratic countries for...
