PROBABILISTIC MATRIX FACTORIZATION BASED COLLABORATIVE FILTERING

LAP LAMBERT Academic Publishing. Paperback. Book Condition: New. Paperback. 108 pages. Dimensions: 8.6in. x 5.9in. x 0.5in. Recommender systems aim to suggest relevant items that are likely to be of interest to the users using a variety of information resources such as user profiles, trust information and users past predictions. However, typical recommender systems suffer from poor scalability, generating incomprehensible and not useful recommendations and data sparsity problem. In this work, we have proposed a probabilistic matrix factorization based local trust...

Reviews

Most of these publication is the ideal ebook readily available. it was actually writtern very flawlessly and beneficial. I discovered this book from my i and dad suggested this book to find out.

-- **Prof. Lavern Brakus**

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dr. Janis Reilly**

It is easy in study better to understand. Of course, it is actually play, nonetheless an amazing and interesting literature. I am quickly could possibly get a satisfaction of reading through a published ebook.

-- **Ms. Lucinda Koelpin**
