You may dive into this book with innocence but you will come out with education and pure understanding of what evil is and all those things that go bump in the night. This collection of thirteen short stories were written from reaching into the deep, dark crevices of our minds and imaginations. We reach deep into our souls to find our innermost fears and bring them to the surface to tease and haunt you for many nights to come. A collection of short stories from the dark side. So when you lie awake in bed tonight because you cant close your eyes to go to sleep remember to say a little prayer before you go to sleep. The prayer that protects you from all the little things that go bump in the night. From all the ghost stories that are told around the camp fire. To protect you from being whisked away during the middle of the night from the monsters in your nightmares. From all that lingers in the silence of the darkness. But, most importantly. remember to sleep with one eye open. Just incase one of them might escape. This item ships from La Vergne, TN. Paperback.
