*Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Playing, Laughing and Learning with Children on the Autism Spectrum: A Practical Resource of Play Ideas for Parents and Carers (2nd Revised edition), Julia Moore, Praise for the first edition: 'An approachable and practical edition that will be welcomed by parents and carers alike. I know how hard it can be to find "How to" resources for parents. Well here is a gem.' - Children, Young People and Families Parents of young children newly diagnosed as on the autism spectrum are often at a loss for ideas about how best to help their child. Playing, Laughing and Learning with Children on the Autism Spectrum is not just a collection of play ideas; it shows how to break down activities into manageable stages, and looks at ways to gain a child's attention and motivation and to build on small achievements. Each chapter covers a collection of ideas around a theme, including music, art, physical activities, playing outdoors, puzzles, turn-taking and using existing toys to create play sequences. There are also chapters on introducing reading and making the most of television. This updated second edition contains an extensive chapter on how to use the computer, the internet and the digital camera to find and make resources and activities, and suggests many suitable websites to help parents through the internet maze. The ideas are useful both for toddlers and primary age children who are still struggling with play.
