Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Sharp Eyes a Rambler s Calendar of Fifty-Two Weeks Among Insects, Birds and Flowers, 1896 The present volume is the fulfilment of a plan which for many years I had promised myself and many others would materialize. For a decade past I have been the recipient of a continuous special correspondence - occasionally amounting to inquisition - embracing letters from all parts of the United States, and even remoter sections, mainly penned by young students of natural history, who, having been deceived by some misleading spirit in my previous published pages, have sought my opinion as though consulting the oracle These letters have embraced questions, I had almost said, upon every conceivable subject of zoology; questions which frequently would have taxed the erudition of Humboldt himself, to say nothing of an occasional inquiry which would as certainly for the moment have annihilated his equanimity. The correspondence which these letters have evoked from me if used as Ms. would yield a book of no mean dimensions, and the time and labor involved therein, taken also in connection with the frequent repetition of the same queries from various widely separated localities, continually suggested the idea that a popular volume based upon such questions might meet a long felt want, as it certainly would meet a genuine need.
