Any specific legislation regarding war graves? \* Are physical anthropologists involved in the excavation process? \* Where is the cut-off point between forensic and archaeological human remains (e.g. 100 years, 50 years, 25 years.)? \* Can human remains be transported abroad for research purposes? \* What methods of anthropological analysis are mostly used in the country? Are there any methods created in that country which are population-specific? \* Are there particular ethical issues that need to be considered when excavating human remains, such as religious groups or tribal groups?
