MECHANICAL PRINCIPLES (MECHANICAL COLLEGES NATIONWIDE APPLICATION OF INNOVATIVE TRAINING PROGRAM MATERIALS)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 265 Publisher: Peking University Pub. Date :2011-08-01 version 1. Mechanical principles (mechanical colleges nationwide application of innovative training program materials) (author Yang Songhua) is based on the State Board of Education Higher Technical School. teaching the basic requirements of mechanical principles and prepared. This book studies the composition of the principle. kinematics. machine dynamics. machine commonly used in a variety of kinematic and dynamic performance analysis and design methods. Mechanical theory of many innovative products and modern technology and equipment foundation and core innovation. not only for students of engineering quality and comprehensive ability has an important role. but in the entire machinery of global innovation and personnel training to occupy important teaching position. Through book learning. students can learn to master the body and the machine dynamics of the basic theory. basic knowledge and basic skills. and a preliminary analysis and design agency with the capacity of institutions. Mechanical principles (mechanical colleges nationwide application of innovative training program materials) is divided into 13 chapters. including introduction. structural analysis of planar mechanisms. plane body motion analysis. force analysis of planar mechanisms. mechanical efficiency and self-locking. mechanical balance. mechanical operation and regulation of the speed fluctuations. and its planar linkage design. and design of cam mechanism. gear mechanism and its design. institutions and other commonly used combination of institutions. the gear system and its design. mechanical systems design. The chapters are accompanied by a number of exercises to allow students to review and consolidate what they have learned. Contents: Chapter 1 Introduction 1.1 This course studies the object and content 1.2 The purpose of this course and the role of 1.3 to 1.4 for this course Introduction to...
