Generally, philosophers concerns are questions for the reason and the origin of all being. In a way, these questions unite all of today s arts subjects. As an effect, though, the boundaries between arts often become blurred, all the more since psychology from the early ancient world until the 19th century has merely been regarded as a philosophical field. With the emancipation of psychology as a scientific discipline on its own, teachings were partly in opposition to the traditional way of thinking, if being based on empirical evidence rather than theoretical considerations. Thus, fundamentals of human psyche happen to become a somewhat delicate matter. With this paper I have touched philosophical and psychological problems using the example of B. F. Skinner s Beyond Freedom and Dignity , trying to show the relationship and the margins of both fields. The author Burrhus Frederick Skinner (1904-1990) is regarded one of the most radical scientists among all psychologists. Skinner counts for a distinguished representative of a psychological theory that strongly tries to separate psychological findings from anything experimentally unobservable (American) behaviourism. Nevertheless, Skinner s book Beyond Freedom and Dignity of 1971 largely leaves out any details of experimental analysis and therefore approaches the question of What is man in a rather philosophical manner. The book represents a philosophical view on man from a behaviouristic perspective,...
