AUTHORHOUSE, United States, 2013. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.After researching the 6/49 lottery system for a duration of 19 years, I have now got valid results which can be put into print. The book is about predicting two number combinations from 6 out of 49 lottery system in the UK and all over the World wherever the 6/49 lottery system is in operation. I have predicted two numbers that should come out from a specific group on a month by month basis. This is challenging the idea that Lottery numbers are unpredictable. As a mathematician and a scientist, I believe that certain elements of the system is predictable and I am hoping that Lottery enthusiasts would like to verify my results. To what extent will my prediction be in agreement with the 6/49 lottery results. If I am proving to be correct for predicting two number combinations, can I prove three number combinations and so on. There will be sceptics but you cannot argue with scientific and experimentally observed results.
