I m a new media consultant, based in Derbyshire, UK, and over the past couple of years, I have started to notice a rise in queries surrounding social media marketing. In order to keep up with the big brands, small businesses need to be conquering social media, and in an attempt to do so, they turn to bad advice, false promises. Too many websites and other books preach a message of driving Likes to the point that we have forgotten why we even want more Likes . This book aims to rectify that by taking a social approach to Facebook marketing. If you want to see more engagement from your current fans, better conversion rates from social media, and learn the true meaning about what social networks are about, then look no further than this book. What does this book do differently to other Facebook marketing books? This book doesn t promise you 1,000 Likes overnight. In fact, it preaches almost the opposite. Think about what a Like is worth to you...

I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
