

International Law of Cooperation and State Sovereignty.

By Jost Delbrück

Duncker & Humblot GmbH Mrz 2002, 2002. Taschenbuch. Book Condition: Neu. 233x157x15 mm. Neuware - It was in the early 1990s, more precisely in 1991 shortly after the end of the Cold War, that the Walther-Schücking-Institute at Kiel University - within the framework of its biennial international conferences - started a series of international symposia which, in retrospect, can be subsumed under the overall heading of 'international law at the frontiers'. The aim of these thematically closely related symposia, bringing together eminent international legal scholars, was to explore the structural changes that the international system and its legal order were undergoing due to the forces of globalization and the political upheavals following the end of the ideological division of the world. The present papers and proceedings of the fifth conference of the series of symposia brings this project to an end. The authors are exploring the meaning of the concept of the international law of cooperation and the obligation to cooperate in three important areas of modern international law: the international protection of human rights (Lori Fisler Damrosch, New York) international economic and environmental law (Christian Tietje, Halle) and international dispute settlement (Anne Peters, Basel). The implications of the state obligations...
