When Derek Secrest was suddenly pulled out of Naval flight officer school to take part in a top secret government project involving telepathy because tests showed that he had a strong latent talent for psi powers he thought things couldn't get weirder. He was wrong. Soon he was contacted by a mysterious woman who could open portals at will through spacetime. Her powers seemed godlike and they were. Millennia ago, extra-dimensional beings with great powers had come to earth and taken on human form, remembered in legends goddesses and titans, the ancient enemies of the gods. The godlike beings had driven off the titans, but now the old enemy is returning, with a new plan to use humans with psionic abilities to rule the Earth, and not be driven from it this time. And the titans always did have a fondness for human sacrifice. Unless Derek and a handful of other telepaths can join forces with the ancient gods to defeat the titans, the world will be plunged into a new dark age of terror and death. Even so, judging from mythology, how much can you really trust a god?.
