PASSING THE FRCR PART 1: CRACKING ANATOMY

Thieme Georg Verlag Aug 2014, 2014. Buch. Book Condition: Neu. 240x170x cm. Neuware - Fellowship of the Royal College of Radiology (FRCR) is an internationally recognized accreditation and the national assessment mechanism for those undergoing formal specialist training in clinical radiology in the UK. It is necessary to practice as a consultant in the UK, and is viewed as an international standard for radiology exams. Many trainees from the Indian subcontinent and several Arab and Asian countries sit for FRCR as well as their own national exams, and the number doing so has increased significantly over the recent years. This book is intended for all candidates sitting the FRCR Part 1 anatomy exam. There are three sittings of this exam each year in London, Singapore and Hong Kong. In each sitting there are 200 places for the exam in London, 120 in Singapore and 30 in Hong Kong, which is a total of 1050 candidates per year. Designed to be a revision aid for the new format of the First Part 1 anatomy exam that was introduced in Spring 2013, the book is divided into four sections to reflect the different components of the syllabus, and there will be a mock exam as well to give the reader a chance to practice taking a typical exam under timed conditions. 352 pp. Englisch.
